Dear Mr. Clerk;

I was just received the defendant motion to extend time by two days and all the excuses that have nothing to do with me been lock up for the past five years and seven months and which I object to and the defendant cross-motion for summary judgment that or less times missed hearing this honorable Court in making its decision.

With the issues of extension of time please let me know when the Court will rule in this case. like I states, this nothing but confusion and harassment by the State.

With respect to the Muslim services and other issues with that case - I don't know how many times that requests slips and grievance forms I ask for or written to

the NCF staff or the Warden never  
 come back with answers or respond to my  
 issues to the warden or any body in this  
 Facility - There is no administrative procedure  
 for dealing with inmate grievance or "IR's".  
 That dont mean nothing in this place - its  
 not since. Just like any denial and excuses  
 they made to this court and one of them  
 is my Exhibit I filed with this Court on  
 7/24/2013. motion for Summary Judgment.  
 Just three weeks and a half ago, I had issues  
 with our food. I put in requests slips asking  
 for (4) grievance forms. On 8/1/2013, I never  
 got the grievance forms. And neither they did  
 put that as an Exhibit with the state  
 defendant cross-motion for Summary Judgment -  
 I am sending you the original copy of that  
 request slips that I wrote to the Warden.  
 Some how, the Warden don't respond to my  
 issues but let the Kitchen Staff do -  
 Inmates # 82828 # 76520 # 84674, they all  
 states that the staff never talk about their  
 food could be replaced and what ever they  
 said was a lie. This is a non sense and I  
 pray that this court grant my motion  
 for Summary Judgment as a matter of  
 Law. Request slips and grievance forms

**INMATE REQUEST:** Dear Mr. Warden, Just today I and other Muslim inmates had an issue with our laundry load. The kitchen gave us process turkey meat that was spoil after and smell to it - this not the first time we had this problem with our load. We spoke to Captain Pike about this issue. So my understanding from Mr. Pike smell the Muslim load up stairs and determine that the load is ok. when we take care with the bad food in B block. He advise me that "don't throw the food away in my cell" just before 5:00 count time. I just don't understand why my load was not been investigated to determine the problem. This an issue of life or death here. See attached (1)

Attachment (1) to the (Warden) complaint.

There for, smelling one inmate food does not determine that all meals or safe to eat. Since each was put in one role rap with plastic arounded. There is six inmates in B-block, each complains about the something, "The meal is spoil"; they advise me not to eat. I need to file a grievance against, Chief Vael, Chief Joe, Chief Sowal and Captain Pilce for not inspecting a Muslim inmate food before services. One grievance per person - (1)

Also, I need copy of my outgoing legal mail and incoming once. Since I don't trust the mail room - from Japan to USA.

B-Block Thank You

SUBJECT: **Ramadan Bag Lunch / Meat**

AT (OFFICE) **NCF**

TO: **Edward Reilly, NCF Warden**

PHONE: **0369**

The meals in question were prepared that morning, (8/01/2013), by inmate Higgins. At the same time transport feeds were made from the same batch of turkey meat.

That evening, the meals (bags) were handed out to all of the inmates observing Ramadan. From what I understand in speaking with Cpl Pike, some of these inmates had a concern with their meals given to them, specifically the turkey within the bag lunch.

Cpl Pike advised me that Co. Bilodeau checked one of these meals, by smell, and determined that it was ok. This meal belonged to inmate Crespo, Marcial #82828. Cpl Pike advised the inmates to bring their meals to the housing office after count in order to be checked and replaced if needed. Cpl. Pike also advised the chef on duty at that time, Chef Vaillancourt, to check the one Ramadan meal still in the kitchen. This meal belonged to inmate Bickham, Brian #76520. Chef Vaillancourt determined that the meal was ok. From what I was told, by Cpl Pike, none of the inmates reported to the housing office with their meals.

The next morning, Friday (8/02/2013), inmate Brown, Keyonn #84674 reported to work in the kitchen and had his sandwich meat from the night before with him. He asked Chef Moore to check it. Chef Moore did and stated that it was ok.

Today, (8/06/2013) inmate Higgins, Jack # was breaking down some transport meals that had not been used and were prepared at the same time as the meals in question. I opened one of these, with turkey meat, I smelled and tasted the meat. This is now 5 days later, the meat at this point did have a slight smell and slight offensive taste, however was edible. This meat was discarded.

It is the practice of NCF kitchen that any time there is any meal / item that is questionable (as in quality of freshness or dietary concerns) the meal / item will be checked and an alternative will be offered if warranted. Be advised that this can occasionally happen and is never done maliciously. Inmate Crespo, Marcial did advise a staff member (Co Bilodeau). However, he nor any others, reported to the housing office for a solution and possible replacement.

If any other information is required, please feel free to contact me.
